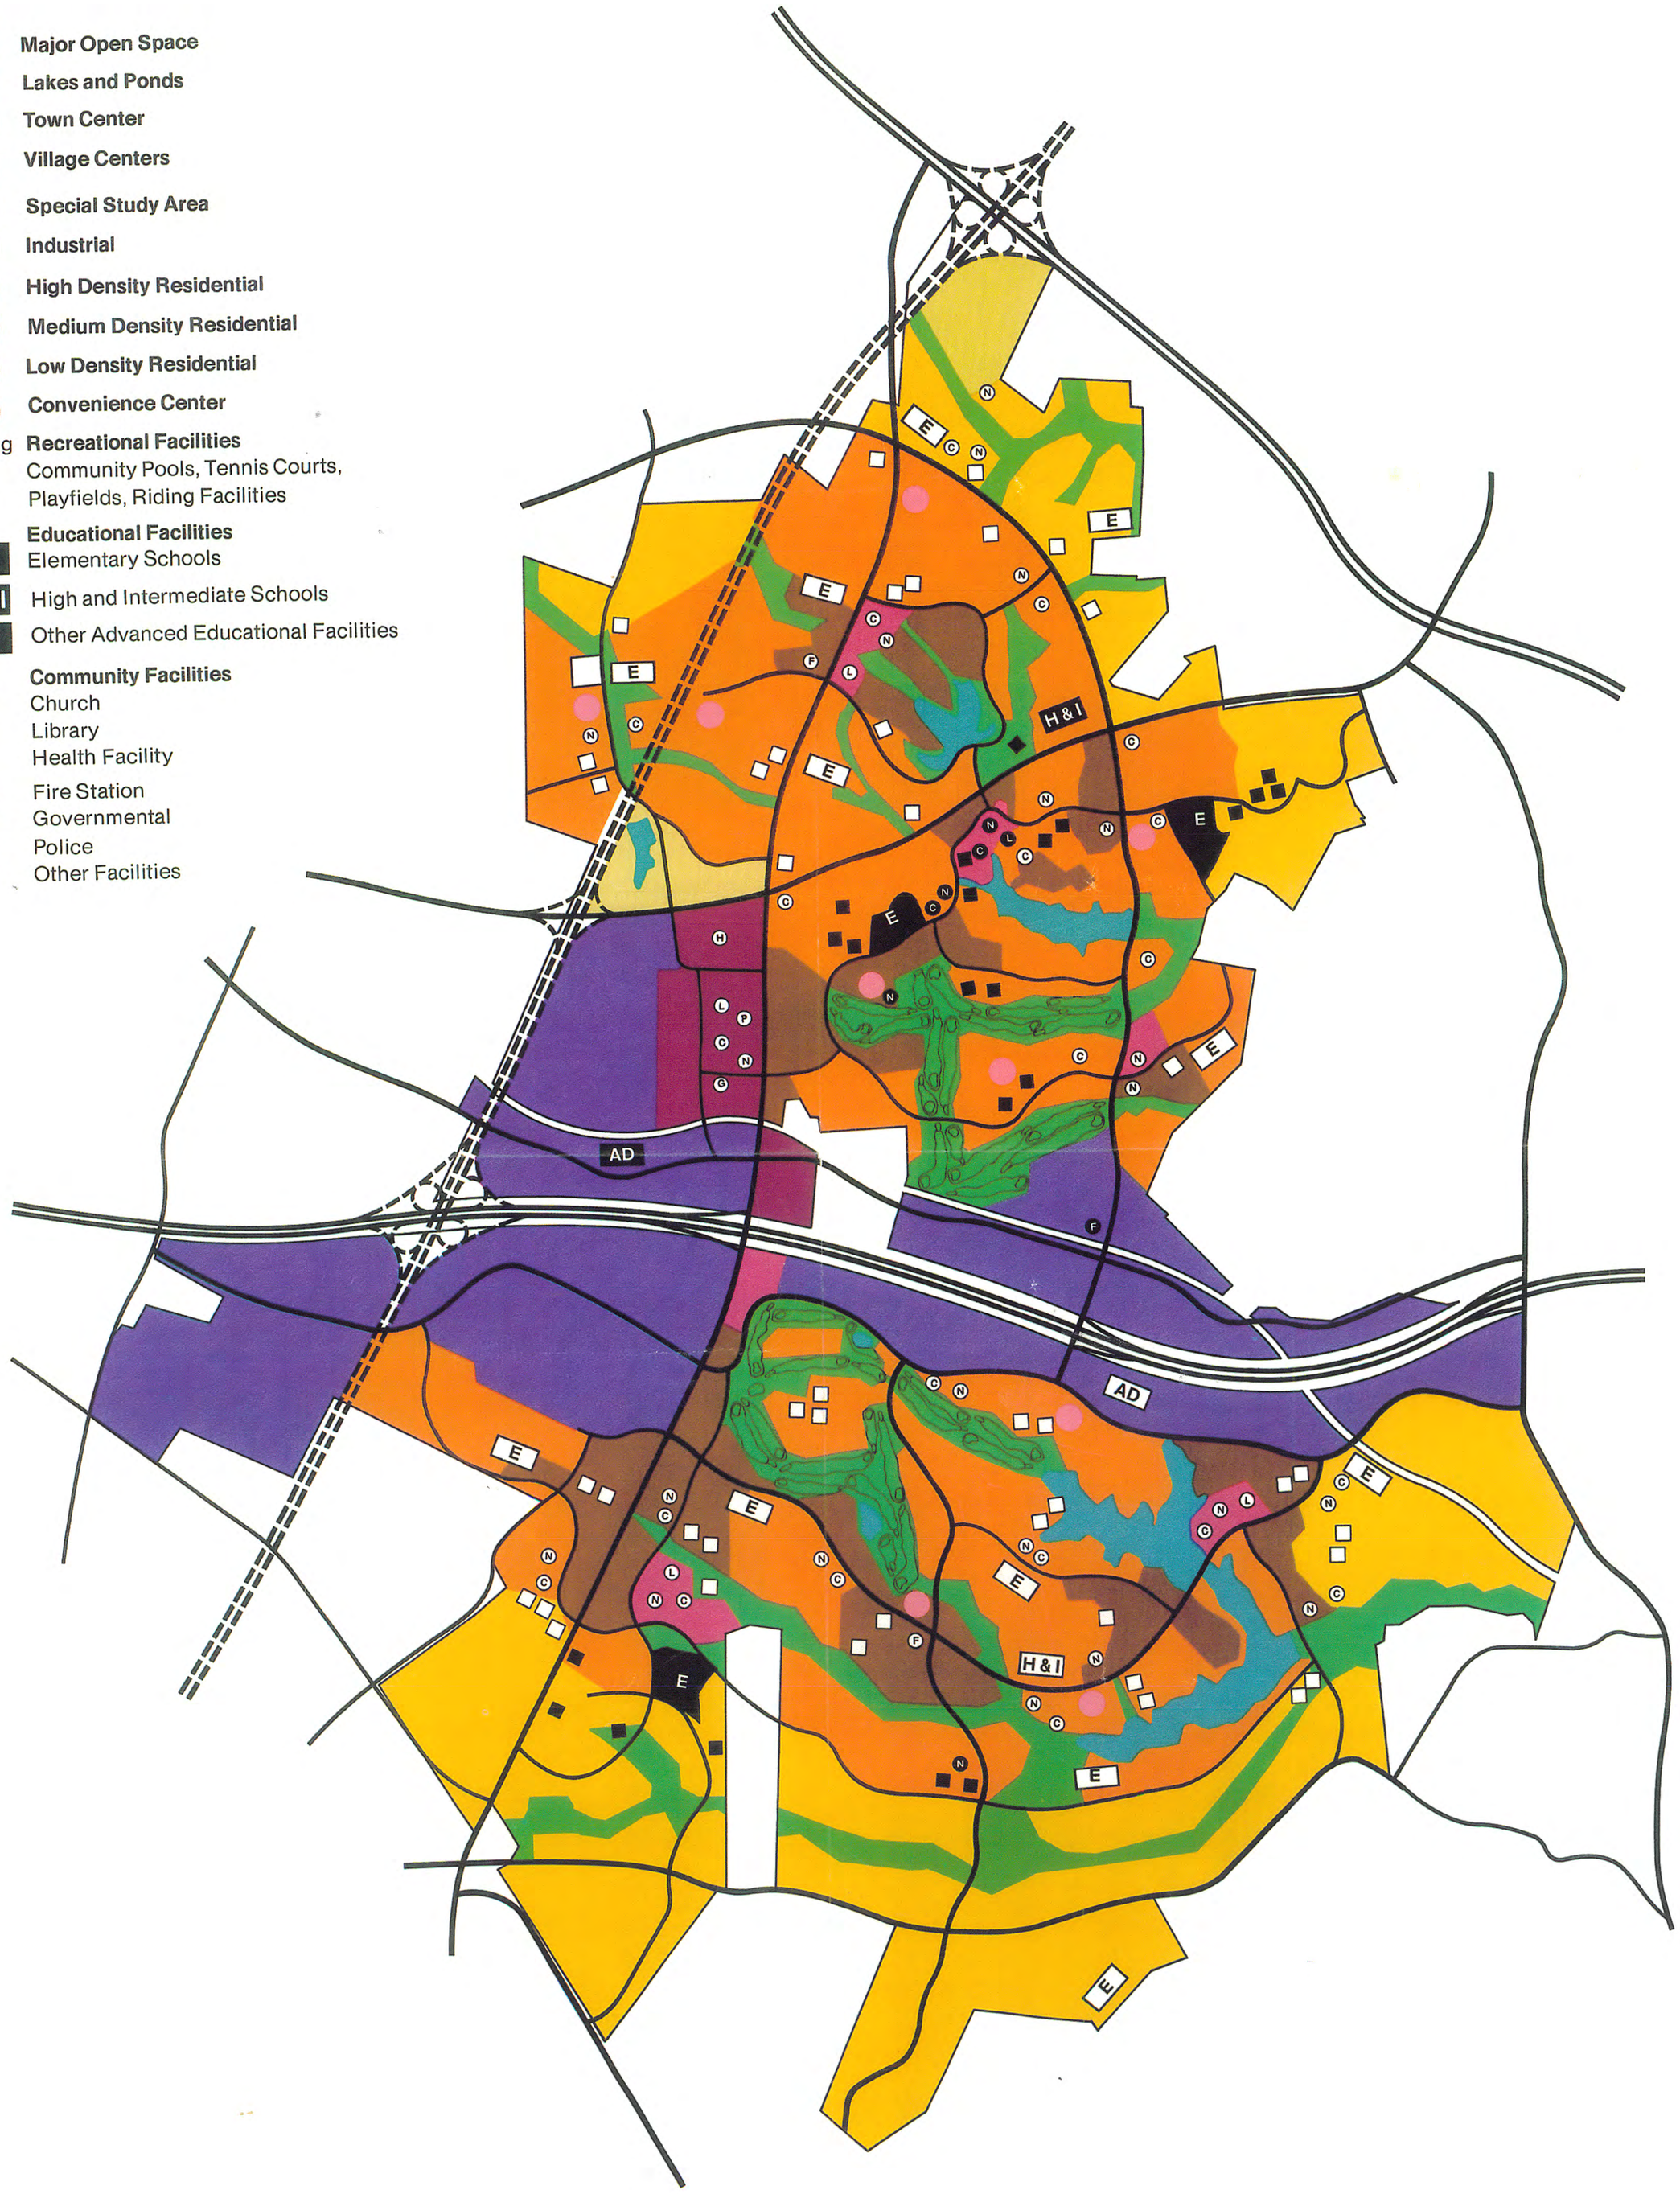
- AD — Other Advanced Educational Facilities

Community Facilities
- C — Church
- L — Library
- H — Health Facility
- F — Fire Station
- G — Governmental
- P — Police
- N — Other Facilities



This Master Plan reflects the concepts and policies endorsed by the Fairfax County Board of Supervisors on February 17, 1971. It represents a general guide in the control of the development of Reston, but is not an endorsement of any particular feature shown hereon. Development may only occur after the land is zoned to the R.P.C. category. Such development has been shown on an approved development plan, as provided for in Section 30-2.2.2, R.P.C., B., procedure for zoning, as amended through July 9, 1969, only, unless same is approved by Special Use Permit by the Board of Zoning Appeals as provided for in Section 30-2.2.2., R.P.C., Column 2 Special Permit Uses.
